What's New in the?

- Listening to music by yourself is fun, but if you don't know the notes or chords, you are out of luck. Even if you do know the notes, knowing where they go on the sheet music isn't as easy as you may think. RapidComposer LE will allow you to find the notes and chords on the sheet music with ease. The software will instantly identify the notes and the chords of the song you are listening to. It will then allow you to get the right chord progression. RapidComposer LE is an easy to use MIDI chord and progress editor for the creation of chord progressions, rhythms, scales, instruments and songs. In addition to the usual features of a MIDI editor, RapidComposer LE has three very powerful features that make it stand out: - Paste function: Easily paste in notes or chords from your MIDI, Piano Roll, or sheet music - Zero learning curve: RapidComposer LE is very easy to use, requiring no experience whatsoever - Multiple tracks: You can load multiple midi tracks without having to merge them RapidComposer LE is a powerful music creation tool that takes advantage of a completely different approach to music making. What's new in this version: - Added some new features - short demonstration video included - Added an entry in the user guide to indicate the default settings used by the program Janik Freeman is one of the best producers in Hollywood with an abundance of hits under his belt. His new song "True Emotions" is a catchy track with a sexy R&B/Pop feel. Featuring the collaboration of Warren G and the chorus is catchy. It is sure to be a huge hit with all music listeners. The production and production by Freeman is on point. The song "True Emotions" is Freeman's fourth release on Tommy Boy Records. The producer is also known for such singles as "Seize The Day", "Take Me", "Reality" and "Let's Party". He has released four albums as an artist. RapidComposer LE Description: - Listening to music by yourself is fun, but if you don't know the notes or chords, you are out of luck. Even if you do know the notes, knowing where they go on the sheet music isn't as easy as you may think. RapidComposer LE will allow you to find the notes

System Requirements:

Windows XP SP2 or later (all versions) Intel or AMD Pentium 4 CPU, or equivalent 1 GB RAM CD-ROM (and/or DVD-ROM) drive Highly recommended: Intended use of the software is for educational and academic purposes.
