The Elden Ring Cracked Accounts is an online-based turn-based fantasy action RPG developed by SANDBOX entertainment. When I first set foot in this land, I did not know why everything is named after a certain place. Now, I know why. The large, mountainous land was once called 'Nemuria'. During the Chaos War, Nyarlathotep, the Spirit of Madness, once conquered the land and chose a successor. The new Spirit of Madness is a mysterious force that spreads fear through monsters and their fear-inducing effects. It appears in various shapes and sizes, and its power increases as it spreads through the land. The one called 'Awakened Mentor' appeared near Tristain when he came of age. Next to appear was 'Awakened Mentor's Masked Servant', whose face was a mystery. Tristain and the Land of Erebus will be free from the madness. Using the 'Awakened Mentor's Legendary Sword' found in the dungeon of Nemuria, the Elden Ring was founded. 'Awakened Mentor' carried out the mission 'Destroy the threat to the lands'. Now, the Elden Ring has completed several adventures. In every area, there are hidden situations. Rewards are obtained as missions end. Tristain, the Land of Erebus, and the Elden Ring are still alive. When a weapon is used to attack a foe and causes an attack effect, and if the weapon's effect is greater than or equal to the maximum damage on the weapon and the character, and if the character has exceeded the critical damage threshold, "Counter" will be automatically activated once for 1 sec. However, once the "Counter" effect ends, even if the character is slain, the "Counter" effect disappears and the effect cannot be reused. For example, let's say that the Tarnished Knight equips a 1-point-equipped, Level 100, Greatsword and attacks a 1,000-point-equipped and Level 1,000, EvilClaw with his Greatsword. In this case, if the damage received exceeds the maximum damage for the weapon, a critical hit is received and damage is inflicted on the enemy. However, if the Greatsword damage received is 1,000 points, and if the character
